tcworld magazine – the world of global information management

What is toworld magazine?

toworld magazine is tekom's magazine for international information management. toworld magazine focuses on how companies face the challenges of communicating with customers, partners and employees in an increasing number of international markets.

Our magazine covers topics such as:

- · intelligent information, including Industry 4.0 and Augmented Reality
- · user experience, including content marketing and customer experience
- **technical writing** from content creation techniques to publishing and process management
- **team management,** including methods of staff retention, motivation and stress management as well as team communication techniques
- **cultures and markets,** where we explore various regions and locales and illuminate legal requirements and cultural etiquettes
- **translation and localization,** including terminology management, translation management and localization

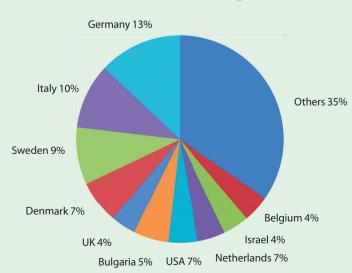

Who reads toworld magazine?

toworld magazine is aimed at professionals from all corporate levels and work fields who face the challenges of international information management. Our readers include specialists and opinion leaders from technical communication, translation, localization, content marketing, intercultural communication and other fields.

Total circulation 2020: 6,200 issues + online distribution at the digital toworld conference 2020

Total estimated Circulation 2021: 8,000
